LETTERS TO THE EDITOR

Dear Editor,

I should like through the columns of your newspaper to thank those members of the National Front who turned up on Easter Monday to support us Poles and Ukrainians in our picket outside the Soviet Embassy against the visit of Red Butcher, Alexander Shelepin.

It is heartening to know that at least one British political party has the guts and the integrity to stand for what is good and right, even if this is not always easy.

Most people in Britain have no idea what it is like to live under the heel of the Soviet jack-boot, or to have to speak in whispers for fear of the Secret Police. We the people from Eastern Europe know what it is like only too well.

I only hope that one day Britishers will wake up to the fact that Communism is a very real menace, and that the Soviets would just love to enslave your country as they have enslaved ours.

WITH South Vietnam and Cambodia falling under total Communist domination, the Communists have further tightened their noose around the neck of the non-Communist world.

The Kissinger policy of "Detente" with Communism has meant nothing but surrender and capitulation. His much proclaimed "Vietnam Peace Settlement" for which he was awarded the Nobel Peace Prize, was nothing but the dumping of U.S. support for the non-Communist countries of South-East Asia.

The United States Congress has readily enough stripped its own armed forces to aid Israel in its struggle against the Arabs, but it has left South-East Asia to the mercy of the Communists.

Even while American troops were being sent to die in Vietnam, American based International Finance and multinational corporations have been injecting massive transfusions of credit and technological aid into the Communist world.

With a demoralised army and navy wracked by Black Power mutinies, and with a demoralised population, the United States is now not even willing to put up the token opposition to Communism it once did. Men like the U.S. forces' head, General George S. Brown, are mere voices crying in the wilderness.

Those who are still foolish enough to believe that the U.S. is the main bulwark against Red aggression would do well to learn from the South Vietnamese and Cambodians who are paying with their lifeblood for the same absurd illusion.

American public opinion, as revealed by a recent Harris poll, was overwhelmingly in favour of passively watching the Reds steamroller through South-East Asia.

More significantly for us, the same poll revealed that over 60% of U.S. voters would be equally prepared to watch the Reds steamroller through Europe.

LABOUR TREASON

Far from taking due warning from these developments, however, and improving Britain's own defences, Wilson's Labour Government has actually CUT our defence!

The Army is being cut from 180,000 to 165,000, the Navy from 79,000 to 74,000 and the RAF from 100,000 to 82,000. Airbases are to be closed, and ships and planes are to be withdrawn from the Mediterranean and the Far East.

Wreckless defence cuts made by the last Labour Administration five years ago, meanwhile, have now caused the army to run out of small arms ammunition! It might be noted that the then Minister of Defence, Denis Healey, was once a card carrying member of the Communist Party!

All in all these cuts, which have more than tipped the balance in favour of the Warsaw Pact, are nothing but a calculated act of treason against the British People. They show that the 'British' Labour

Party is not only soft on Communists within its own ranks – but soft towards hostile Communist countries abroad.

N.A.T.O. USELESS

Not only is Britain being disarmed, but what we have left is being put further under useless U.S. control. In future all our warships will come under N.A.T.O.

We did not ask the U.S. to become the moral and military mentors of the world, but they did assume the role, giving it expression in the formation of a series of groups such as N.A.T.O. to whose interests the whole of Britain's defence strategy has now been

subordinated.

Far from defending Britain, N.A.T.O. serves only as a means of tying Britain to U.S. arms systems and U.S. political pressure in peacetime, with no guarantee that we won't be sacrificed in time of war.

The message is simple. Scrap all treaties and alliances based on the 'East-West' blocs, and replace these with a fully British defence system – including nuclear delivery capabilities – under total British political control, and geared to strike back at any invader from any direction ... East or West.

For South-East Asia the lesson has not been learnt in time. Unless we learn quickly, we will have the opportunity to share their fate.

Do not be deceived, Communist agents are already at work in your country. They are in your churches, your media, your schools and even in your government. They often wear a sickly mask of humanitarianism, but this mask is paper thin. Underneath lies the hideous face of organised institutional terror, and there is precious little humanitarianism in a Soviet concentration camp.

Never be taken in by their false promises either. The better world that Communists offer is nothing but a sham. Their ideal society is ideal only for the select few who grow fat on the blood of others.

People with a perverted desire to become prisoners should join the Communist Party and help it in its filthy work. Others who value their freedom should fight the evil creed of Communism in whatever form it rears its ugly head.

Many aspects of immigration are, to say the least, distasteful to the British population. Our anger, however, should not be directed towards immigrants but to the politicians who allowed or encouraged the problem. Race hatred is counter-productive and no sympathy can be extended to those who incite it.

WHOSE QUEEN, WHOSE COUNTRY?

WE wish to see friendship between all nations and were naturally pleased at the reception given to the Queen by the Mexican people on her recent visit to their country.

The Queen's visit to Mexico was not just a sightseeing tour, however, nor was it intended as such. Accompanying the Queen on her recent State visit was none other than Leopold de Rothschild, the international banker.

During his stay he conferred with 'Mexican' financiers and bankers in connection with loans to be granted by 'British' banking groups for industrial projects there which

would enable international bankers to draw profits out of already undercapitalised Mexico.

Once again the British People have been degraded by the use of the Royal Family as a political pawn. Although it could be considered outmoded as an institution, we remain firmly loyal to the Crown as a sentimental link between the British Nation here and in the White Dominions. We, therefore, feel the need to protest at the way in which the monarchy and the nation which it represents has been dragged from gutter to gutter by cosmopolitan banking interests.

PAKISTANI LANDLORD TERRORISES WHITE TENANTS

A SOUTHEND TENANT, his pregnant wife and child, found themselves on the receiving end of vicious acts of terrorism conducted by their Pakistani landlord.

The tenants had been paying £7 a week for one room without hot water or even a sink. When it rained they had to catch the water in buckets.

After suffering these conditions for a year the landlord then added insult to injury by trying to **throw them out!** He gave them two weeks verbal notice. The tenant explained his predicament to his local citizens' advice bureau who told him that the landlord must give 28 days written notice. It was also pointed out that the landlord should, by law, provide a rent book.

Following this advice the tenant withheld his rent until he received written notice as well as a receipt. The landlord replied that he didn't care about solicitors and the law. If the rent wasn't paid the tenant would be thrown out.

On a following Saturday morning six Pakistani 'heavies' interviewed the tenant on the landlord's behalf. Two of them grabbed the tenant and held him down while the others

kicked him in the crotch.

At this point the tenant's pregnant wife appeared with their son in her arms. One of the Pakistanis threw her against a wall and then pushed and dragged her up the stairs while the baby screamed with terror. They then threw the tenants' possessions out into the garden in bags: clothes, plants, bedding, and cups with coffee still in them, all thrown in together. The husband, wife and child were then thrown out into the rain and mud themselves. The wife is now worried that her unborn child may have suffered some harm.

Tom Pilling, NF Industrial Organiser for the Southeast, has taken a close interest in the case. The tenant is now suing the landlord and his friends for assault and damage to his property.

IS danger: Union chiefs warn

BY NEIL FARNELL (TGWU), NATIONAL SECRETARY, NATIONAL FRONT TRADE UNIONISTS

ONE OF the most extreme Communist organisations in Britain — the alien-dominated International Socialists — is preparing an all-out attack on free trade unionism, particularly trades councils. Since Christmas, two top trade union chiefs have issued grave warnings for their members to be on their guard against this threat. Bill Kendall General Secretary of the 215,000 strong Civil Servants' union, the CPSA, took a full page in the February issue of his union's official journal *Red Tape* to expose an I.S. 'Rank & File' front group operating within his union.

Mr. Kendall did not mince words. He stated: "The International Socialists believe that the end of the capitalist system is imminent and that they are the self-appointed leadership who will drive us all into an undefined Communist society. **They do not aim to change the trade union movement — they aim to destroy it.**" He added that the front group, built around the I.S. — 'sponsored' journal *Redder Tape* was mainly concerned with extremist electioneering, "under the direction of I.S." A resolution at the January meeting of the union's National Executive also denounced the I.S., the *Redder Tape* group and "the more traditional Marxist influences" — the latter referring to the Communist Party — and condemned these "extremist elements who would attempt to fulfill their political aims through

Government and has nothing to do with the wages and conditions of electricians, or of any other group of workers for that matter. **The issue as far as these people are concerned is not the interest of the members but spreading the revolution, yet funnily enough in the countries where their point of view wins the workers have their rights taken away. We call on our members to reject the extremists . . .**"

THREAT TO TRADE COUNCILS

A plan for the subversive takeover of Trades Councils (TC's) is to be implemented by the International Socialists in the coming months. The blueprint was devised jointly by Kenneth Appleby, Steven Jeffreys and Neil Davis. Appleby and Jeffreys are two of the three I.S. full-time National Industrial Organizers (John Deason is the third), and Davis is a member of its National Committee.

Jeffreys revealed that last November's I.S.-organised National Rank & File Conference had attracted delegates from fourteen Trades Councils and obviously the I.S. intend to build on this. He stated that during the 1960's new developments had taken place in the Trades Councils, one of the most important being that "quite significant numbers of white collar trade union branches" sent delegates to their local Trades Councils.

Where this affects the I.S. is that the organization has, in recent years, made considerable inroads into the white collar unions, including organizing teachers, local

that I.S. presence in union branches "makes the winning of delegacies to the TC easier". He gave examples of how the International Socialists had operated in different areas. In town "A", they used the Shrewsbury Pickets issue to increase their influence and infiltration on the local Trades Council. In town "Y" they exploited a local strike in order to penetrate the TC.

The "mechanics" of Trade Council infiltration were dealt with by Appleby. He stated, "We must find out who is on the TC, what are the political allegiances, if any? Where do the delegates work, what do they represent? Then it is a question of steady work." According to Appleby, the best tactic was to argue that the minutes of TC meeting be replaced by a newsletter/bulletin, produced by three or four delegates. He went on: "The newsletter will become central to our (I.S.) theme of uniting all workers on an inter-union, blue and white collar basis. **It will provide a vehicle for propaganda and agitation in the locality.**" With the newsletter appearing regularly on factory notice boards, continued Appleby, "we can move to the next stage — a specific local issue, with potential for involvement, needs to be raised". When on the Trades Council, I.S. members will agitate for a campaign led by the TC, which is all very respectable, but which is organized by a sub-committee "which has the power to co-opt active trade unionists in the area who are not delegates" (i.e. other I.S. members). He then made ominously clear that every effort would be made to get rid of any

Yet another union, Frank Chapple's EETPU, sent a circular to its members which contained an indirect reference to the I.S. menace. It read in part: "However, we believe that the key to the situation lies in two articles, which we reprint overleaf, taken from the extremist left press (*Socialist Worker*). These articles make clear **that our members are being used as pawns in a vicious political game** (original emphasis). This game is designed to embarrass the Trade Union leadership and the Labour

Jeffreys has ordered I.S. members that they must press for shop stewards to be allowed representation on TC's. He stated that "If it's not possible to win this vital change in the composition of Trades Councils", the strategy of I.S. would be to "build local rank & file committees based on shop stewards' organizations and workplace TU branches and the Trades Councils."

Davis said that for the I.S. the question of Trades Council penetration was "crucial" and added

bury Pickets issue to increase their influence and infiltration on the local Trades Council. In town "Y" they exploited a local strike in order to penetrate the TC.

Davis ended by saying: "**Our job is to push revolutionary politics into the (trade union) movement.**"

WHAT IS TO BE DONE?

It is obvious, from these latest

exposures and plans for revolutionary takeovers, that the I.S. is going all-out to first undermine then destroy the structure of free trade unionism in this country. What can ordinary, responsible trade unionists do about this? How can ordinary rank and file workers defend themselves against the seemingly all-powerful International Socialist/Communist Party industrial machine? Past experiences have shown that unfortunately, moderate trade union activists, are, in the long term, no match for Communist extremists, because the former lack a united strategy.

The only real answer for those

genuine trade unionists struggling to preserve our free and independent labour movement is to **join their brothers and sisters in the National Front**. Only the NF has a strategy for ensuring the triumph of democracy over alien-inspired subversion; among the radical parties in Britain, only the NF trade unionists are totally dedicated to fighting off the principles of free trade unionism; the NF also has a record second-to-none in combating Communism; finally, **only the National Front has a strong democratic ideology capable of ultimately defeating Communism — forever!**

Immigrant tuberculosis threat rumbled

THE SON of a White British London woman, Jane Cattanaach, was accidentally given a circular meant for immigrant school children. The circular, which was sent out by a local clinic, had been distributed to anyone with an "un-English" sounding surname. (Cattanaach is Scottish).

The circular read: "It has been decided to offer to immigrant children of all nationalities who attend school or are resident in this Borough and who have entered this country during the previous twelve months, the opportunity of having a sample skin test for tuberculosis."

Our medical correspondent, Tony Creese, writes: Tuberculosis (formerly known as consumption) is a highly infectious disease long associated with immigration. Untreated, it can lead to wasting away and death — especially amongst the old or undernourished. It is endemic in India and Pakistan.

Euro-Court overrules Germans

THE European Court has overruled a decision by German authorities to expel a migrant worker.

The migrant had accidentally killed his brother with an unlicensed gun. The death was accidental but a Cologne court decided to expel him in order to set an example to other migrants and thus discourage them from carrying weapons.

The European Court, however,

NUJ Trotskyites attack Britain First

EARLIER this year, two *Britain First* reporters applied to join the National Union of Journalists, in line with the National Front Trades Unionists' resolution that all NF members should join trades unions. The two, Dave McCalden and Richard Lawson sent in their subscription and samples of their work with the application forms.

Some six weeks later, Dave McCalden's application was put before the NUJ's Magazine Branch meeting and was voted down on the pretext that the aims of the NF were incompatible with those of the NUJ. Although there were over 50 people present, only 34 signed in with authentic credentials. Rather coincidentally, the NUJ's Magazine Branch is heavily infiltrated by the International Socialists. The IS claim 23 members in Magazines, 15 in the Newspaper Society and smaller numbers in radio and books. The current chairman of the Magazine Branch is Roger Protz, former editor of *Socialist Worker*.

However, after a furore in the national press the NUJ's National Executive joined in the debate and voted by 19-2 to refer back the application to the Branch with instructions to reverse the decision. (Coincidentally, there are two IS members on the Executive) The next Magazine Branch meeting is on April 14th, and if the Branch still defy their own Executive's ruling, they will then find themselves subject to internal disciplinary procedures.

The entire affair blew up at just the right time, for a few days after the press exposure the government's Trade Union & Labour Relations (Amendment) Bill was radically cut down to size in a House of Lords debate. Six Labour peers voted against the government. The government's proposals would have

IS A COMMIE GOING THROUGH YOUR RUBBISH?

AVID readers of *Socialist Worker* may well have noticed that a recent issue carried a photo of the National Front Bexley Branch Secretary, Trisha Wyatt, seated on a police horse, being entertained by members of the Met's Mounted Branch. Alongside was the usual red blurb about collusion between the NF and the police.

At first we were all somewhat mystified as to how Tony Cliff's super sleuths had managed to get hold of such a gem; that was until someone remembered that the photo in question was one of a number which had recently been consigned to the branch dustbin.

I strongly urge all N.F. members, who value the contents of their dustbins to make a point of 'throwing away' mouse-traps, horse dung and broken bottles! — Phil Hanman

King Faisal

IN a world where our ears are beset by the shallowminded babblings of so many mealy-mouthed politicians, it is a great loss that one firm voice of sanity in international affairs should be silenced by the bullets of a petty assassin. We refer, of course, to the late King Faisal of Saudi Arabia.

In his observations upon the world, he showed that he clearly understood the nature of the forces of national destruction which, as a devoutly religious man, he set himself resolutely to oppose.

As a tribute to him, we quote his words as spoken to the publisher and journalist, Claud Morris: "We see more and more a recognisable conspiracy in the world to overthrow Christianity and Islam. I see it abroad in the faces of the financial men of America. I see it in Communism."

"Don't you think that the worker in many countries is being used, or misused, as a tool of both the two great materialist systems — extreme Capitalism as well as extreme Communism?"

Physicians heal thyselfes

PATIENTS of the Digmaor Health Centre, Skelmersdale, have suffered because of a 'power struggle' between three Pakistani doctors: Dr. Sohrab Kamdin, Dr. Sureshwar Singh and Dr. Govinddas Shah.

Last November the receptionists at this ante-natal clinic went on strike in protest at the inability of the three doctors to reach an agreement between themselves on the cover required for emergency service outside the normal surgery hours.

Singh and Shah subsequently broke their partnership with Kamdin some months ago, but continued to practice at the same surgery. Things did not end there, however.

In February Dr. Singh was himself taken to hospital for treatment to a dislocated finger suffered while clashing with Dr. Kamdin. The incident is claimed to have been caused when Dr. Kamdin removed both doors from Dr. Singh's consulting room. Dr. Kamdin claimed that Singh had been locking the doors in order to prevent free passage through the surgery.

We are lucky to have immigrant doctors — otherwise the National Health Service would collapse!

The European Court, however, reversed the decision on the grounds that migrants can only be expelled on the basis of their actual personal behaviour.

This is just another example of how the supra-national Common Market bureaucracy can overrule the law of member countries, even to the point of deciding who they allow in their country and who they don't.

the police. The current chairman of the Magazine Branch is Roger Protz, former editor of *Socialist Worker*.

However, after a furore in the national press the NUJ's National Executive joined in the debate and voted by 19-2 to refer back the application to the Branch with instructions to reverse the decision. (Coincidentally, there are two IS members on the Executive) The next Magazine Branch meeting is on April 14th, and if the Branch still defy their own Executive's ruling, they will then find themselves subject to internal disciplinary procedures.

The entire affair blew up at just the right time, for a few days after the press exposure the government's Trade Union & Labour Relations (Amendment) Bill was radically cut down to size in a House of Lords debate. Six Labour peers voted against the government. The government's proposals would have meant that all newspaper articles would have to be written by NUJ members, thus severely restricting freedom of speech and publication. The NUJ's victimisation of NF journalists highlighted the inherent dangers in allowing closed shops in the media, particularly since most media trades unions including Equity, ACTT and the NUJ are heavily infested with Communists.

Another useful coincidence is the pending NUJ internal elections. Before the publicity many ordinary reporters did not know who the names on the NUJ ballot papers represented. But since one of the candidates, Mr. Ron Knowles, has been quoted as supporting the victimisation of NF members, the NUJ body politic will be so much more wary of voting for this candidate. Mr. Knowles is the editor of the NUJ paper *The Journalist* and is believed to be responsible for the now-defunct *Spike's Press Column* in the IS weekly *Socialist Worker*.

Further developments will be fully reported in *Britain First*.

At first we were all somewhat mystified as to how Tony Cliff's super sleuths had managed to get hold of such a gem; that was until someone remembered that the photo in question was one of a number which had recently been consigned to the branch dustbin.

I strongly urge all N.F. members, who value the contents of their dustbins to make a point of 'throwing away' mouse-traps, horse dung and broken bottles! — *Phil Hanman*

FOLLOWING the clash in Preston between the National Front and the International Socialists, 18-year-old NF member Carl Kukla has been sentenced to three months imprisonment for assault causing actual bodily harm.

Carl was the sole wage-earner in his family, his father suffering from a heart condition and his younger brother still being at school.

Money is, therefore, desperately needed to pay legal costs and help Carl's family. Carl sacrificed his freedom in order to protect others from I.S. attacks. This is our chance to repay that debt.

In a letter to the *Guardian* the Labour Party Director of Publicity, Percy Clark, attacked a suggestion that the anti-Market campaign was composed of the National Front, Communists and Trotskyites.

He said that it was an embarrassment to be in the same lobby as "National Frontists and Trotskyites". From the significant omission of their name from his letter, this top Labour Party spokesman finds it officially not an embarrassment for the Labour Party to work with the opportunist anti-Marketters of the Communist Party! UP FRONT!

CRAWLEY

A MEETING of Crawley Branch of the National Front held under the chairmanship of Major Hill was addressed by Denis Pirie and Kingsley Read.

Outside, only a few International Socialists and Communist Party members turned out to demonstrate. Amongst these was a certain Mr. Ward who has claimed that he was hit by a mysterious hammer when attempting to break into an earlier NF meeting at nearby Horsham.

members of the public also to be in some hurry. An on-the-spot *Britain First* reporter suggested that this haste may well have been occasioned by the eagerness of these latter gentlemen to participate actively in the planned meeting; namely to discuss in some detail past assaults upon NF members and similar anti-working class activities conducted by the I.S. and the Communist Party in Tower Hamlets.

ISLINGTON

EIGHT HUNDRED National Front activists demonstrated through Islington in protest at the ban placed by Islington's Labour Council on the NF using the Town Hall for an anti-Common Market meeting.

Red student counter-demonstrators, meanwhile, amused themselves by giving foreign looking salutes of various types, and achieved some emotional release by shouting sinister Teutonic sounding slogans from behind a police cordon.

M.J. WILSON, Secretary of the Slough Branch of the National Front, headed a formal protest to Slough Community Relations Council because of its attempts to procure two council houses for Ugandan Asians ahead of 2,000 White British people on the council house waiting list.

The Asian family had been evicted after willfully defaulting in making mortgage repayments. Not content with one council house, the family then began to demand two, owing to friction between the father and one of the sons caused by the latter marrying a British girl.

An NF protest letter said that the people of Slough should not be made to pay for the wilful fecklessness of the Asians, while the case further underlined that multi-racialism was "not conducive to the public good or private happiness..."

THE LATEST social-engineering gimmick to emanate from Transport House is the Labour Party's proposal to get rid of Grant-Aided grammar schools once and for all. This scheme has been pending for well over fifteen years now, but only now do the Socialists feel confident enough to pull it off, whilst the public's attention is monopolised by their Common Market gymnastics.

The government intends to phase out the grants which they pay to independent schools, in order to force them into joining the State system and going Comprehensive. This decision cannot possibly be defended on educational grounds, since the Independent schools have a long and outstanding record of high educational achievement. The State system, on the other hand, shows a decline in academic standards, with literacy levels dropping year by year.

The only possible reason for this scheme is a sordid, underhand attempt to push multi-racial integration on our children. The Direct-Grant schools require a certain level of academic intelligence from their students, and consequently have a very low proportion of coloured immigrants. Inner-city comprehensives, on the other hand, often have a majority of Coloureds and a subsequent low standard of achievement and behaviour.

However, there are other, even more sinister reasons behind the government's scheming. The Direct Grant system meant that very bright children from low-income families could receive an education geared to their ability, since at least half the places at Independent Grammar schools were reserved for non-feepayers. With the end of Direct Grant schools, the parents of intelligent but poor children will be forced to either send their offspring to the battlefield of the local comprehensive, or alternatively to

The real reason for abolishing Direct Grant schools whilst allowing Public schools is the same as the reason for abolishing private beds whilst allowing private hospitals. The same as the reason for pushing racial integration in Lewisham but not in Hampstead Garden Suburb. The same as the reason for nationalising private industrial enterprises but allowing International Finance a free hand. That reason, in short, is to turn the 'masses' into a computerised identityless lumpen-proletariat, whilst the elite can properly enjoy their privileged position as a self-appointed oligarchy destined to rule in pereptuity.

The meeting was wound up by a speech from the N.F. Vice-Chairman, John Tyndall.

Two days later Roy Painter, Des Fenwick and Dave McCalden addressed the anti-Common Market meeting originally planned which was held at a new venue.

Once again the attempted suppression of free speech brought the NF magnificent publicity and undoubtedly many recruits. For these reasons we would like to offer our sincere thanks to the Islington Labour Council, the Communist Party, the International Socialists and all the others who were good enough to turn up to heckle our demonstration at such short notice. Their attendance must be commended. Our only regret is that Islington Council's ban caused two thousand police to be required to maintain order.

The United Kingdom, he said, is rapidly becoming a Bolshevik totalitarian state, with freedom of speech being gradually eroded and unrepresentative laws being imposed by 'Parliament'.

A hundred *Britain Firsts* were also sold, before the march moved off down the Bayswater Road to a demonstration outside the Soviet Embassy. Later that day Mr. Shelepin arrived in the country and dropped by at the Embassy for dinner with Len Murray the TUC traitor, despite the fact that Shelepin's visa was only valid from April 4th, onwards. The Labour Government did not, however, expel him as an illegal immigrant.

The destruction of the Direct Grant schools means, therefore, that most of these intelligent but less well-off children will be prevented from asserting their abilities to the full, by being overwhelmed in the multi-racial anarchy that now prevails in our urban schools.

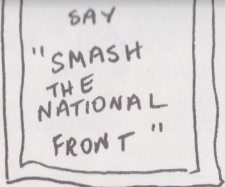

However, one would have thought that the Labour Party pundits would at least be consistent in their philosophies and set an example of integrated living. But no, in fact Mr. Ashley Bramall, the Labour leader of the Inner London Education Authority sends his son Anthony to a private school in Hampstead, (fees £135 a term). The NFSA has taken massive strides forward in the West of England. At Bristol University NF activists have brought out their own newspaper, resulting in a massive upsurge in interest and support. Enquiries are flooding into the NF HQ each day. Meanwhile at Exeter University, the NF Student Society has gone from strength to strength despite (or more likely because of) the attentions of the local (so-called) Anti-Fascist Committee.

Last month the fledgling Society very kindly invited me along to address a lunchtime seminar of interested students, and although the university harbours some of the most insidious varieties of Marxist, Maoist, Trotskyist and every other kind of -ist in the country, the meeting went off peacefully and without incident; peacefully that is until after the meeting had closed, when an International Socialist lout of Glasgow-Republican background attempted to make off with half of the NF's stock of *Sparks*. A MEETING of Brighton Branch of the National Front was addressed by Tony Webber, a member of the NF since 1967 and currently a member of the NF National Directorate.

Tony said that it was an advantage not to be in the umbrella anti-Common Market organisation because it would restrict us in getting our name across and in presenting our alternative of a union of the White Dominions.

We must realize our own strength. We were bigger and stronger than all the other anti-Market organizations put together.

TOWER HAMLETS 1

A MEETING of Tower Hamlets anti-National Front Committee due to take place in Limehouse Library was suddenly moved to the nearby Star of India pub, a regular International Socialist meeting place.

A 'mass' meeting of about half a dozen rather foreign looking I.S. and Communist Party members — including I.S. member Chris Searle — then suddenly left the pub in such a hurry that they left all their leaflets behind.

It is not known whether these sudden changes of venue had anything to do with a large body of rather hefty looking young men who were observed by various other

WOLVERHAMPTON

MR. PETER KANE, chairman of Wolverhampton's St. Peter's ward National Front, and Mr. Graham Jones, its press officer, have taken up the case of local residents forced to live in appalling housing conditions.

White British residents are now a minority in the Dunstall Hall area of Wolverhampton and suffer from neglect at the hands of their Indian landlords. Their houses are plagued by rats, floodings and fungus.

Mr. Peter Kane has declared: "I want the council to come clean and take some sort of action over these houses. Residents should be told what is going to happen because they are worried and anxious over the future of their homes."

Graham Jones and Peter Kane study a plea from residents about the condition of homes in the area.

because of the attentions of the local (so-called) Anti-Fascist Committee.

Last month the fledgling Society very kindly invited me along to address a lunchtime seminar of interested students, and although the university harbours some of the most insidious varieties of Marxist, Maoist, Trotskyist and every other kind of -ist in the country, the meeting went off peacefully and without incident; peacefully that is until after the meeting had closed, when an International Socialist lout of Glasgow-Republican background attempted to make off with half of the NF's stock of *Sparks*. (This was no doubt a pathetic and feeble attempt to get his own back, after his naive suggestions that there was a liaison between the NF and Monopoly Capitalism had been exposed as myths. I of course pointed out to him that it is not the NF but the International Socialists who support the Capitalist trick of importing cheap labour from overseas). The thief was immediately stopped in his tracks and the leaflets returned to their rightful owners.

The entire event proved to be a major success, partly because the NF had had the courage and ability to organise its own on-campus meeting, and partly because the NF activists had shown the guts to stand up to and deal decisively with Red hooliganism whenever it reared its ugly head.

Readers will recall that last year Mrs. Williams entered the University College Hospital under an assumed name for private treatment. And of course we all know that those Labour Party politicians who scream loudest for integration are those who live furthest away from big city Black ghettos. And when was the last time that a Labour council bought up a house in a wealthy area? These underhand attempts to level down facilities in education, health and housing to the lowest common denominator, whilst the super-rich and the Labour Party hierarchy can afford to sit back smugly and enjoy all the exclusiveness that big money and privilege can buy, can only be interpreted as a calculated and sinister attempt to promote divisiveness, not end it.

THE NATION WRECKERS

By SANDRA ROSS

Who they are : Why they do it

PART ONE

Where we stand

WITH coloured immigrants being brought into Britain to swell the pool of available labour and thus undercut the wage bargaining position of British workers; with Capitalists pressuring for Britain to remain trapped in the European Common Market; with powerful Financiers expanding the world money supply far in advance of the production of goods and services and thus causing inflation; with Communist disrupters pursuing their anti-working class personal ambitions by reducing major industries to chaos; **THE BRITISH NATION IS UNDER ATTACK.**

The National Front stands in the forefront of the political struggle to restore to our people our right to defend our racial identity and national independence. Ranged against us are the forces of those vested interests which have succeeded in reducing this once proud nation, from a hard-earned position of strength to an alarming position of economic, moral and military weakness.

The Establishment politicians, the Big Capitalists and the Communists within and without the Labour Party fear the wrath of the British People, should our nation wake up to the enormity of the wrecking operation which has been perpetrated upon it.

Knowing their guilt and desperate to stem the rising tide of British Nationalism, our enemies are frantically throwing one obstacle after another in our path in a vain attempt to stave off the day of reckoning. Local councils abuse their position by banning the NF from hiring council premises for meetings; the TV and radio find time to give broadcasting opportunities to Communists but deliberately freeze out the National Front; while the National Front is deliberately ignored or abused by the monopolist daily press.

All these obstacles we have tackled and are over-

AJEX AT WORK

The National Front has always faced a certain amount of illegal smear leafletting, but the February 1974 General Election was the first time they were used on a reasonably large scale.

Although it was mainly the Reds of the International Socialists and Communist Party who did the donkey work by putting them out, it became known to us through inside information that the leaflets originated from persons closely connected with the Association of Jewish Ex-Servicemen. Some friction did in fact occur at the time between some of the Socialists and Ajax, as well as within Jewish organisations themselves.

The *Jewish Chronicle* of September 27th 1974 carried a report of a Mr. Jack Roth, president of the council of Manchester and Salford Jews, who attacked the Manchester Jewish Socialist Group

defend our racial identity and national independence. Ranged against us are the forces of those vested interests which have succeeded in reducing this once proud nation, from a hard-earned position of strength to an alarming position of economic, moral and military weakness.

The Establishment politicians, the Big Capitalists and the Communists within and without the Labour Party fear the wrath of the British People, should our nation wake up to the enormity of the wrecking operation which has been perpetrated upon it.

Knowing their guilt and desperate to stem the rising tide of British Nationalism, our enemies are frantically throwing one obstacle after another in our path in a vain attempt to stave off the day of reckoning. Local councils abuse their position by banning the NF from hiring council premises for meetings; the TV and radio find time to give broadcasting opportunities to Communists but deliberately freeze out the National Front; while the National Front is deliberately ignored or abused by the monopolist daily press.

All these obstacles we have tackled and are overcoming. All the time National Front membership is rising and the sales of *Britain First* grow and grow.

Establishment politicians, Zionists and Communists have become so worried by the National Front's remarkable growth over the past few years that they are now resorting to the age-old ploy of 'divide and conquer'. On the one hand, they are trying to stir up the Jewish population against British Nationalism by smearing the National Front as 'Fascist' and 'anti-Jewish', whilst simultaneously trying to stir up British Nationalists against the Jewish population by hijacking its community organisations and implicating them in anti-British activities.

They know as well as we do that the National Front is a one hundred per cent democratic party, both in its policies and in its organization, and that it has many Jewish members including prominent Branch organisers. The National Front does not intend to be diverted into the blind alley of anti-Semitism, no matter how much the Establishment seeks to provoke us, and no matter how many decoys they throw into our path. Likewise, it is the duty of all patriotic British Jews to shake off the stranglehold that these people have over Jewish organisations.

It is, therefore, in the interests not only of committed British Nationalists but also of the thousands of ordinary British Jews, that we are going to explore the web of intrigue that has camouflaged for too long the pernicious anti-British activities of these carpet-baggers.

a number of committees including the Jewish Defence and Group Relations Committee. The chairman of this is Martin Savitt who is again a member of the Race Relations Working Party and another vice president of Ajax. The executive director of the so-called "Defence" Committee is Dr. Jacob Gewirtz.

Also on this Committee is Mrs. Lottie Green who is a vice-president of the Jewish B'nai B'rith organization. Like Ajax, B'nai B'rith has branches all over the country. Its president is David Stern and it operates from 1/2 Endsleigh Street, London WC1.

Further evidence of the close links between the Board of Deputies and Ajax came in October 1974 when a committee was set up under the chairmanship of Jack Wolkind, town clerk of the London Borough of Tower Hamlets, to study the organisational structure of the Board of Deputies. Included in the committee was Captain David Tack, national chairman of Ajax.

The Board of Deputies and Ajax are in turn interlinked with other Zionist-Socialist elements. So deep is the Zionist-Socialist axis that it even embraces groups at the extreme 'Left' of the orthodox political spectrum.

UNDERWRITERS

The October 2nd 1972 edition of the International Marxist Group newspaper (then known as *Red Mole* but now known as *Red Weekly*) complained that the Socialist "Zionists of Hashomer Hatzair refused to underwrite the recent left-wing demonstration against the Monday Club's rally at Central Hall . . ." as if the underwriting by Zionists of Communist anti-British demonstrations was commonplace and to be expected.

When the National Front held its anti-I.R.A. march in London last September, Mapam — a Zionist party affiliated to the Communist Liberation organisation — made a

similar connections include Clinton Davis, Under-Secretary of State at the Ministry of Trade and a member of the Board of Deputies; Marcus Lipton, M.P. for Lambeth Central and president of the South London branch of Ajax; Ian Mikardo, chairman of the Parliamentary Labour Party and also active in Poale Zion; Maurice Miller, M.P. for East Kilbride and a past chairman of Poale Zion; Eric Moonman, M.P. for Basildon, a member of the House of Commons Select Committee on Race Relations, and now the present chairman of Poale Zion; and Harold Lever, Chancellor of the Duchy of Lancaster and Wilson's top financial adviser, as well as being a member of Poale Zion for over forty years.

Other Jewish Labour M.P.s of particular note to National Front members and supporters are Mrs. Renée Short, M.P. for Wolverhampton North-East, and Paul Rose, M.P. for Manchester Blackley.

SIEGE MENTALITY

The Board of Deputies and other Jewish organisations have had a long and deep interest in British Nationalist movements. Indeed, they have geared their activities to combating them.

According to *The British Political Fringe* (Anthony Blond, London 1965) written by George Thayer, " . . . the Board of Deputies has turned part of its headquarters in Tavistock Square into what looks to me, as an outsider, like a military command post in the last stages of a siege. This is particularly true in those areas of the building which are occupied by the Jewish Defence Committee. Such words as 'operations', 'communications' and 'action' can be seen on bulletin boards and memoranda; the employees seldom walk down the corridors — they trot; telephones are constantly ringing, facts and figures are produced with remarkable speed, and there is a constant hum of voices arguing, ordering and analysing the day away.

smear leafletting, but the February 1974 General Election was the first time they were used on a reasonably large scale.

Although it was mainly the Reds of the International Socialists and Communist Party who did the donkey work by putting them out, it became known to us through inside information that the leaflets originated from persons closely connected with the Association of Jewish Ex-Servicemen. Some friction did in fact occur at the time between some of the Socialists and Ajax, as well as within Jewish organisations themselves.

The *Jewish Chronicle* of September 27th 1974 carried a report of a Mr. Jack Roth, president of the council of Manchester and Salford Jews, who attacked the Manchester Jewish Socialist Group for distributing smear leaflets against the National Front "which he said should be left to Ajax, and which, in any case has brought much criticism from non-Jews." The secretary of the Manchester Jewish Socialist Group is A. Lewis, 3 Wood Grove, Whitefield, Manchester.

In a letter to the *Jewish Chronicle* of October 18th of last year, Mr. Monty Henig, chairman of the Leicester Jewish Defence and Group Relations Committee, regretted that in his area: "leaflets did not have the effect of reducing the massive combined vote that the National Front candidates received at the General Election."

Henig was complaining that in his area Ajax were not then quite doing their stuff and that: "for the future hopes and prosperity of the community Ajax should accept constructive suggestions and criticism" in the spirit in which they were given. He concluded: "If they do this they will go from strength to strength to complete the vital work which they have undertaken."

Henig's address is Tudor Lodge, 11 Portsdown Road, Leicester.

Further evidence of Ajax involvement was given by Roy Lewis, Labour candidate for Harrow East in the October 1974 General Election, who said:

THERE does exist, and has existed for some time, a concerted campaign to deny free speech to the cause of British Racial Nationalism as expounded by the National Front; by the 'hire' of Red mobs, the production of smear literature, the denial of premises, and 'legal action' in the form of Race Laws.

At the centre of this campaign lie the two principal Jewish organisations in Britain: the London Committee of Deputies of the British Jews, commonly known as the Jewish Board of Deputies; and the Association of Jewish Ex-Servicemen and Women, commonly known as 'Ajex'.

The Board of Deputies has its headquarters at Woburn House, London W.C.1.; while Ajex is based at the Stepney Jewish (B'nai B'rith) Clubs and Settlement in Beaumont Grove, E.1.

Both organisations are extremely secretive about their membership

and activities. Most people are probably not even aware of their existence.

BOARD OF DEPUTIES

The president of the Board of Deputies is Lord Fisher of Camden (Sir Samuel Fisher). He is also chairman of the Board of Deputies Race Relations Working Party, as well as being a Life Peer, a Labour Party Alderman and vice president of the London Diamond Bourse.

The vice president of the Board of Deputies is Greville Janner who also doubles as vice chairman of the Race Relations Working Party, besides being the Labour M.P. for Leicester West, a Fabian, a director of the *Jewish Chronicle* and a vice president of Ajex.

Another member of the Board of Deputies is the prominent anti-NF campaigner, Councillor Arthur Super. Super is to be the next Labour Mayor of Hackney.

The Board does its work through

Board of Deputies. Included in the committee was Captain David Tack, national chairman of Ajex.

The Board of Deputies and Ajex are in turn interlinked with other Zionist-Socialist elements. So deep is the Zionist-Socialist axis that it even embraces groups at the extreme 'Left' of the orthodox political spectrum.

NEWHAM SOUTH

During the Newham South By-election in May 1974, smear leaflets were distributed by International Socialists from 84 Chesterton Road, Plaistow, E.13. The leafleters were soon frightened off by a swift and militant response from the NF. The leaflets were then speedily removed the next evening by a van hailing from an address in Berwick St., Soho, only a short distance from the Coffeepot restaurant of the notorious Harry Bidney. Bidney is wellknown in Nationalist circles as the boss of the Zionist fascist organisation, the 62 Group.

As in other places the smear leaflet distribution in Newham was highly illegal. The leaflets bore no imprint, they were put out by people **not** contesting the election, and they were criminally libelous.

A detailed report on the matter was passed to the police who, no doubt fearful of direct retaliatory action should no prosecutions be brought, promised to start legal proceedings.

After some time, however, the police decided **not** to do so. It may have some bearing on the matter that the Attorney General, Jewish Labour MP Sam Silkin, speaks on Zionist platforms promoted by the Board of Deputies, the Zionist Federation and Ajax!

BOARD OF DEPUTIES STRIKES AGAIN

More blatant than the involve-

so that other groups could stamp on their own addresses.

In some areas members of the Labour Party and the Labour Party Young Socialists put out this leaflet **together** with their own election leaflets. The *Jewish Chronicle* (4.10.74) reported: "Thousands of election leaflets published by the Board of Deputies are being distributed throughout the country."

SMEAR BOOKLETS

Besides smear booklets on the National Front produced by the International Socialists, the International Marxist Group and the Communist Party on information 'supplied', there is also one called "*A Well-Oiled Nazi Machine*" which is published by AF & R Publications, 21/6 Livery Street, Great Western Building, Birmingham 3, and printed by Narod Press Ltd., 129/131 Cavell Street, London E1. 'Narod' has obvious East European overtones being the Russian word for people. The booklet has been avidly promoted by the Communist Party newspaper, *Morning Star*.

SEARCHLIGHT ILLUMINATEX

Just recently an old paper, *Searchlight*, has been revived. It is also printed by AF & R Publications in harness with 'Searchlight Associates', and has been advertised in *Red Weekly*, newspaper of the I.M.G.

The Editor of the original *Searchlight* was the Jewish Labour M.P. Reginald Freeson. Freeson (whose real name is Venitz) was educated at a Jewish orphanage and is a founder member of the United Nations International Service.

He was well suited to be its editor, being an old hand at smear techniques. In May 1965 he tabled a parliamentary question which read:

"What steps are being taken to

other cities?"

The British National Party was one of the constituent organisations which merged to form the National Front. It did, or course, distribute racist literature, but was certainly **not** guilty of the other accusations. Freeson had said it in a place where M.P.s are immune from being sued for libel.

B.N.P. National Organiser, John Bean, wrote to Freeson as follows:

"Your intensive study of the British Right Wing, including its lunatic 'Nazi' fringe, has given you ample knowledge that no members of the British National Party have ever indulged in such activities and furthermore you must know only too well that since February 1962 the British National Party has disassociated itself on innumerable occasions from the antics of the 'Nazi' groups. I would be pleased to see you make your slanderous accusations outside the precincts of the House of Commons in order that we may have the pleasure of your contributing, and most generously, to British National Party funds."

It is tactics of this sort that people like Freeson/Venitz, now Labour's Minister of Housing, have used to smear the cause of British Nationalism.

According to the publicity handout the new editor of *Searchlight* "is having a book published later this year on the extreme Right." Inside, however, Martin 'Sweety' Walker — who is having a book on the NF published later this year by Andre Deutsch — comes in for a certain amount of stick.

The booklet states that Walker's articles on the NF which used to appear in the *Guardian* newspaper were "researched by freelance journalists". It fails to mention that one of these "freelance journalists" is said to be none other than Gerry Gable, another member of the 62 Group. In the early 70s Gable's wife then known as Jo Cox was

THE NATIONAL FRONT

A PARTY OF NATIONALISM

The National Front is a party of British Nationalism, being pledged to work for the restoration of full national sovereignty for Britain in all affairs. It is a party of British Nationalism as it stands strongly for the preservation of Britain's national identity with respect to the composition of her people, her culture and her traditional way of life.

A PARTY OF DEMOCRACY

The National Front is a party of genuine democracy which belongs to its members.

Its governing body is its National Directorate, all officers of which are liable regularly to seek re-election by the full membership of the movement. The National Directorate is presided over by a Chairman, who is the chief official of the movement. The Chairman is elected by the members of the National Directorate every year, and can make no major decisions that do not carry the support of these members in the majority.

The NF seeks to promote in Britain a genuinely democratic political system — as distinct from the bogus democracy of the present whereby the wishes of the people are ignored in the making of major decisions and whereby power lies, not with the people themselves, but with the big moneyed interests who are able to control the political parties for their own ends.

THE COMMON MARKET

The National Front works for the withdrawal of Britain from the European Common Market.

THE BRITISH COMMONWEALTH

The National Front believes that Britain's destiny lies with the British Commonwealth, and resolves that every effort should be made to repair the damage done by recent governments to Commonwealth unity.

It believes, however, that the present multi-racial conception of Commonwealth is unrealistic, and that the Commonwealth should be reformed into a partnership of White countries with its main nucleus being the United Kingdom, Canada, Australia and New Zealand.

THE ECONOMY

The National Front is neither capitalist nor socialist in the sense in which those terms are usually understood.

Broadly speaking, the NF supports private enterprise as the most dynamic and efficient form of industrial operation; but it advocates clearly defined limits to the function of private industry and commerce, determined by the national and public good.

Of all sections of the economy, that in which the NF supports the firmest public control is finance and banking. It regards the uncontrolled flow of money and credit into the economy, exercised by private financial interests, as the greatest single cause of inflation. It proposes state control of all credit, which will prohibit banks from issuing loans in excess of money on deposit, and grant to the Bank of England — under firm government supervision — sole right

Jo Gable — who is connected with the Labour Party — was more recently concerned with the launching of a quite 'respectable' local commercial newspaper.

ANTI-NF COMMITTEES

Having failed to stop the National Front by using the I.S. and I.M.G. etc., its opponents are now trying to build a 'broad front' by forming anti-National Front committees.

In November 1974 an anti-National Front meeting in Harrow was addressed by Dr. Jacob Gewirtz. According to *Challenge*, the newspaper of the Young Communist League, Gewirtz claimed: "There is nothing in the programme of the National Front which does not come from Mein Kampf, Hitler's blueprint for genocide." Any reader who could give credence to such paranoid drivel should refer to our *Statement of Policy* which is reproduced on the back page.

These "anti-Fascist" committees are in turn covered by a national

INDUSTRIAL RELATIONS

The NF supports the practice of profit-sharing in industry as the best incentive to all workers. It further supports workers' partnership schemes and advocates consultation between workers and management on profits as well as wages.

IMMIGRATION

The National Front upholds the wish of the majority of the British people for Britain to remain a White country and for this reason opposes all coloured immigration into Britain.

It further advocates the repatriation, by the most humane means possible, of those coloured immigrants already here, together with their descendants and dependants.

SOCIAL WELFARE

The National Front acknowledges it as an absolute public obligation to provide adequately for the very young, the sick and the disabled in terms of accommodation, food, clothing, warmth, health and hygiene services.

NORTHERN IRELAND

The National Front firmly supports loyalists in Northern Ireland in their determination to remain part of the United Kingdom and deplores the weakness of Conservative and Labour governments in defending those loyalists and in dealing with republican terrorism.

BRITAIN AND THE WORLD

The NF, as a British nationalist movement, respects the legitimate nationalism of other peoples, and sees mutual respect between nationally orientated states as offering a better opportunity for world peace than the internationalist ambition of world government.
